MEMORANDUM IN SUPPORT

On May 19, 1998, Mr. Sidney Lewis, *pro se* Plaintiff, served by hand-delivery fifty-<sup>64693E14</sup>  
nine (59) interrogatories upon the City. (Attached as Exhibit "A"). Each of these  
interrogatories relates to property which Plaintiffs assert is the subject of an alleged "taking."  
On May 26, 1998, the undersigned counsel contacted Mr. Lewis by telephone to advise him  
that the Defendant City of Columbus is filing a Motion to Dismiss For Failure to State a Claim  
on the basis that the facts, as alleged in Plaintiffs' complaint do not constitute a taking<sup>1</sup>.  
During that telephone call, the undersigned counsel requested that Mr. Lewis agree to a stay of  
discovery until such time as this Court has the opportunity to rule upon the City's Motion to  
Dismiss. Mr. Lewis stated that he could not agree to a stay. The undersigned counsel agreed  
to convey Mr. Lewis' opposition to the stay in this Motion.

Pursuant to Civ. R. 26(C), for good cause shown, the court in which an action is  
pending may make any order that justice requires to protect a party from undue burden or  
expense. In that the City has filed a timely Motion to Dismiss For Failure to State a Claim  
based upon the non-existence of a "taking," any response to interrogatories related to the  
nonexistent "taking" are unduly burdensome and create unnecessary expense to the City. The  
City requests a stay of discovery only until such time as this Court has had an opportunity to  
review and rule on the City's Motion to Dismiss. The discovery cut-off in this matter is not  
scheduled until February 22, 1999. Thus, Plaintiffs will not be prejudiced by a brief stay.

<sup>1</sup> On May 27, 1998 the City filed simultaneously with the instant motion a Motion to Dismiss for Failure  
to State a Claim, or in the Alternative, a Motion for More Definite Statement and to Strike. A courtesy copy of  
same has been submitted to the Court.

61693E15

For the foregoing reasons, the City of Columbus requests a stay of discovery until such time as this Court has had the opportunity to rule on the City's Motion to Dismiss.

Respectfully submitted,

# Memorandum

**Subject:** ACTION: FAR Part 150 Noise Compatibility Program, Record of Decision; Port Columbus International Airport, Columbus, Ohio **Date:** SEP 11 1987

**From:** Director, AGL-1 **Reply to Attn. of:** Lamberts:384-7387

**To:** Administrator

The city of Columbus, Public Utilities and Aviation Department, owner and operator of Port Columbus International Airport, has submitted noise exposure maps (NEM's) and a proposed noise compatibility program (NCP) to this office. The NEM's were previously accepted by FAA effective July 27, 1987. The proposed NCP must be approved or disapproved on or before January 23, 1988. A Federal Register notice announcing the submission of the NCP for FAA approval was published July 27, 1987. The maps and proposed program have been coordinated with airport users, community officials, land use planning agencies, and the public. Documentation of this coordination is found in the appendices of the study report.

Earlier review of the proposed NCP by this office and APP-600 found the program to be compliant with the standards set forth in FAR Part 150, paragraph 150.23. This submittal requests formal FAA review and approval of the NCP for Port Columbus International Airport. The airport is situated in the eastern part of the city of Columbus, which is currently designated as a medium hub. It has 184 based aircraft and had approximately 230,000 operations in 1986. This Part 150 study was funded under AIP Grant 84-2-3-39-0025-03-85 with a Federal project share of \$267,188, which includes a master plan update.

This office believes the NCP complies with published standards for FAR Part 150 submittals. We have coordinated this report with Regional Counsel, the regional Planning Staff, and affected operational divisions. We are pleased to forward this candidate NCP for your consideration. We recommend you approve this NCP.

Dear Mr. Allen:

With this letter, the City of Columbus offers Noise Exposure Map-1985 (1 of 2) and Noise Exposure Map-1990 (2 of 2), as presented in the Part 150 Noise Compatibility Program for Port Columbus International Airport (PCIA), as the official noise exposure maps to be accepted by the Federal Aviation Administration.

This letter also certifies that since the FAR 150 Noise Study, Noise Contour Maps for both base year (1985) and base year plus five (5) years (1990) have been prepared for PCIA under AIP Project Number 3-39-0025-03, there have been no significant changes in the following airport operational characteristics that would invalidate the proposed Noise Compatibility Program. A tabulation entitled "Summary INM Input Data for Noise Maps" is attached.

Dear Mr. Long:

This is to notify you that the Federal Aviation Administration (FAA) has evaluated your final submission of the noise exposure maps and supporting documentation transmitted by your letter of March 26, 1987, in accordance with section 103(a)(1) of the Aviation Safety and Noise Abatement Act of 1979 (ASNA), and has determined that they are in compliance with applicable requirements of 14 CFR Part 150. Further, we have determined that Noise Exposure Map - 1985 (1 of 2) and Noise Exposure Map - 1990 (2 of 2) as presented in the Part 150 Noise Compatibility Program for Port Columbus International Airport fulfill the requirements of the noise exposure maps and supporting documentation. FAA's determination that your noise exposure maps are in compliance is limited to a finding that the maps were developed in accordance with the procedures contained in Appendix A of Federal Aviation Regulation (FAR) Part 150. Such determination does not constitute approval of your data, information or plans.

Should questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on your noise exposure maps, you should note that the FAA will not be involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 107 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under Part 150 or through FAA's determination relative to your noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the maps depicting properties on the surface rests exclusively with you, the airport operator, or with those public agencies and planning agencies with which consultation is required under section 103 of the Act. The FAA relies on the certification by you, under 150.21 of FAR Part 150, that the statutorily required consultation has been accomplished.

I, JOHN TIMSON, being duly cautioned and sworn state as follows:

1. I am an employee of GMAC Mortgage Corporation, its successors and assigns, ("Creditor"), a creditor in the within bankruptcy. I am authorized to give this affidavit. The information contained in this affidavit is based upon my personal knowledge or based upon the Creditor's business records. These business records are kept in the normal course of business and the Creditor relies upon them in the conduct of its business. The information contained in these records was created at or near the events described therein. I am a custodian of those records.
2. Creditor holds the note and mortgage relating to debtor's real property referenced above. At the request of my attorney, I have reviewed those records and concluded that Debtor is currently due for the 8/1/05 payment. The last payment received from the debtor was on 2/10/05

in the amount of \$ 312.98 and it was applied to the 1/1/05 payment. . The funds being held in suspense are \*0.00. The total amount to reinstate the loan contractually is \$10,968.28. The total amount to payoff this loan good through February 6, 2006, is \$62,322.38.

FURTHER AFFIANT SAYETH NAUGHT.

1. I am a duly authorized signer of GMAC Mortgage, LLC. I am duly authorized by GMAC Mortgage, LLC to make the representations contained in this affidavit and am competent to testify to the matters stated in this affidavit.
2. The following person or persons signed the promissory note ("Note"), and are referred to herein as "Borrower": Yvonne D. Lewis aka Yvonne D. Webb-Lewis.
3. In my capacity as an authorized representative of GMAC Mortgage, LLC, I have access to business records relating to mortgage loans that are maintained in the ordinary course of the regularly conducted activity of mortgage loan servicing, including the Borrower's mortgage loan. The statements I make in this Affidavit are based upon my review of those records relating to the Borrower's mortgage loan and from my own personal

knowledge of how the records are kept and maintained. The business records for the Borrower's mortgage loan were made at or near the time of the event and by or from information transmitted from a person with knowledge. I have personally reviewed and independently verified the accuracy of the factual information included in this affidavit.

4. The Borrower has defaulted under the Note and Mortgage and has failed to cure the default. All requirements necessary to accelerate the loan have been met, and the loan has been accelerated, making the unpaid principal balance due and owing, including accrued interest and advances for taxes, insurance, and otherwise to protect the property, if any.
5. Plaintiff is entitled to collect the amount due on the Note and enforce the Mortgage.
6. As of the date of execution, the amount due on the Note includes (a) unpaid principal in the amount of \$53,138.32; (b) interest on the unpaid principal at the rate of 7%, subject to adjustment if provided in the Note, from January 1, 2005; (c) advances made for taxes and insurance; and (d) advances made to protect the property.
7. The business records I reviewed do not indicate that the Borrower is on active military duty.

15. SUPPLEMENTARY NOTES		
<p>16. ABSTRACT</p> <p>The National Emissions Report summarizes annual cumulative estimates of source emissions of five criteria pollutants: particulates, sulfur oxides, nitrogen oxides, hydrocarbons, and carbon monoxide. Source emissions data are reported to the U.S. Environmental Protection Agency under provisions of Section 110 of the Clean Air Act, as amended 1977, and EPA Regulations, Title 40, Code of Federal Regulations, Part 51.321. Summary data are presented for the nation as a whole, for individual states, and for Air Quality Control Regions and individual interstate portions thereof.</p> <p>The data compilations result from the operations of the National Emissions Data System (NEDS), which functions as a component of the comprehensive EPA air information system--the Aerometric and Emissions Reporting System (AEROS). AEROS is managed by the National Air Data Branch, Monitoring and Data Analysis Division, Office of Air Quality Planning and Standards, U.S. Environmental Protection Agency, at Research Triangle Park, North Carolina 27711.</p>
